

TRADING RESULTS 2Q AND 6M 2024

Rusagro's revenue structure* for 2Q 2024

million roubles

In 2Q 2024 Rusagro's consolidated revenue before intersegment eliminations amounted to **72,263 million roubles**. In comparison to 2Q 2023 sales increased by **20% (+12,072 million roubles)**.

Rusagro's revenue improved mainly due to oil & fat business sales volume growth and consolidation of NMGK Group.

* Sales before intersegment eliminations and account for other sales.

OIL & FAT SEGMENT**

Production of Crude vegetable oil

thousand tonnes

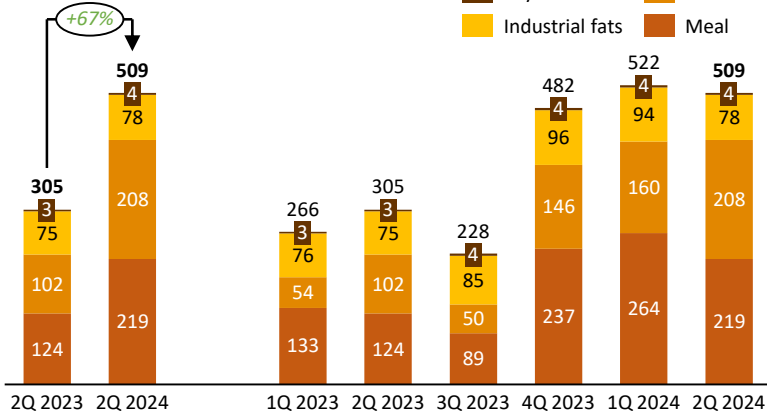

In 2Q 2024 crude vegetable oil production reached **289 thousand tonnes**, which is **107% (+149 thousand tonnes)** higher than in the same quarter of the previous year. Production increased organically following the modernization of Balakovo oil extraction plant (capacity growth by 30%), as well as growth of trouble-free operation time at remaining sites.

An additional factor of output increase is the consolidation of NMGK and core oil & fat assets into united segment.

Sales volume of industrial oil & fat and dairy products

thousand tonnes

The volume of sales of industrial oil & fat and dairy products in 2Q 2024 amounted to **509 thousand tonnes**, which is **67% (+204 thousand tonnes)** higher than in the same quarter of the previous year.

Sales of meal and bulk oil rose by **76%** and **103%** (+95 and +106 thousand tonnes) respectively amid production volume expansion after Balakovo oil extraction plant modernization and consolidation of volumes at NMGK Group.

Sales of industrial fats increased by **4% (+3 thousand tonnes)**.

Sales volume of consumer oil & fat and dairy products

thousand tonnes

In 2Q 2024 sales of key consumer product categories of the Oil & Fat business (bottled oil, margarines, mayonnaise and sauces based on it, ketchups, cheese, spreads, butter, cream and others) increased by **58%** to **123 thousand tonnes (+45 thousand tonnes)** driven by consolidation of volumes at NMGK Group.

** Results of the segment differ from previous publications due to presentation of united Oil & Fat business and NMGK Group results from 3Q 2024 after elimination of intra-segment operations

MEAT SEGMENT

Production of pigs

thousand tonnes, in live weight for slaughtering

In 2Q 2024 production of live weight pork for slaughtering amounted to **79 thousand tonnes**, which is **8% (-7 thousand tonnes)** lower than in the same quarter of previous year.

The volumes decreased due to the ASF outbreak in 2023 and subsequent measures to eliminate production risks in Primorsky Krai, which was partially offset by sales growth at assets in the Central Federal District as a result of improved reproductive performance of animals (**+2 thousand tonnes**).

As of now, two farms have been inhabited in the Primorye cluster (in Feb 2024), in 3Q 2024 filling of remaining three farms is planned.

Sales volume of pork products

thousand tonnes

In 2Q 2024 sales volumes of pork products declined by **15% (-11 thousand tonnes)** to **63 thousand tonnes** in comparison to the same quarter of the previous year.

Sales reduction in Primorsky Krai due to postponed effect of the ASF outbreak in 2023 was offset by sales volume increase in the Central Federal District following production growth (**+1.5 thousand tonnes**).

SUGAR SEGMENT

Production of sugar

thousand tonnes

In 2Q 2024 sugar production rose to **54 thousand tonnes**, which is **54% (+19 thousand tonnes)** higher than it was produced during the same quarter of the previous year.

Sugar output increased due to a partial shift of sugar production season from molasses from 1Q to 2Q 2024. It started after the end of sugar beet processing season, which was longer in 2023/2024 season.

Sugar production in 2023/2024 season moved higher by **218 thousand tonnes** compared to season 2022/2023.

Sales volume of sugar

thousand tonnes

In 2Q 2024 sugar sales volume amounted to **117 thousand tonnes**, which is **50% or 116 thousand tonnes** lower compared to the same quarter of the previous year.

Sales decreased in 2Q 2024 due to the reservation of volumes for future deliveries under long-term contracts.

AGRICULTURE SEGMENT

Sales volume of grain crops

thousand tonnes

Barley Corn Wheat

In 2Q 2023 grain sales volume amounted to **191 thousand tonnes**, which is **3% (-7 thousand tonnes) lower** than in the same quarter of the previous year.

The reduction in wheat sales volume by **9% (-12 thousand tonnes)** realized amid higher sales in 1Q 2024 aimed to free up storage capacity for a new harvest.

Corn sales declined by **16% (-10 thousand tonnes)** due to uniform distribution of volumes within the sales plan.

Sales volume of oil crops

thousand tonnes

Sunflower Soy

Oil crops sales in 2Q 2024 decreased by **52% (-57 thousand tonnes)** to **53 thousand tonnes** compared to the same quarter of the previous year.

Sales reduction in 2Q 2024 was due to higher stocks at the beginning of 2Q 2023 amid unfavorable weather conditions for harvesting in the fall of 2022.
